Captain R S Richard,
Sec'd Lt Wm Norman,

Co I, 28th Louisiana infantry,
Drill-master,
By order.

May 23, 1864
"

S. COOPER,
Adjutant and Inspector-General.

GENERAL ORDERS, }
No. 59. }

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,
RICHMOND, July 8, 1864.

I..In accordance with the act of Congress approved June 14, 1864, and published in General Orders, No. 53, current series, the commutation value of rations of sick and wounded officers and soldiers in hospitals or other places, in camp or the field, used as hospitals, will be the cost of the ration at the post or place, and one hundred per centum thereon—which amount will constitute the hospital fund.

II..The ration named in the preceding paragraph, when actually issued, will correspond with that allowed to soldiers in the field; but, in reckoning the hospital fund, the whole number of rations due, whether drawn or commuted, will be estimated, in quantity and components (excluding sugar and coffee), according to the ration as prescribed in paragraph 1,107, Army Regulations.

III..Rations in kind (such as are issued to soldiers in the field) may be issued to all attendants in regimental, field, or other hospitals.

IV..Medical Directors will report, through the Surgeon-General, to this office, soldiers in hospital who are mechanics, and who are permanently disabled, or it is believed will be unfit for many months for field service. When reported, their trade will be stated, that they may be detailed in appropriate bureaus to relieve able-bodied men therein employed.

V..Officers travelling under orders will be allowed transportation in kind and ten dollars per diem. All General or Special Orders, which give other or different allowances, are hereby revoked. Generals or other officers commanding a district, department, or army in the field, and chiefs of the several military bureaus, are alone authorized to give orders that will carry transportation.

By order.

S. COOPER,
Adjutant and Inspector-General.

GENERAL ORDERS, }
No. 60. }

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,
RICHMOND, July 21, 1864.

I..Officers, contractors of the government, and their agents, are prohibited from purchasing or using wheat for feeding horses.

II.. Agents, assessors, and employees on tax in kind service, who are over 45 years of age, will not be molested by enrolling officers.

III.. Paragraph 19, Medical Regulations (1,163 Army Regulations), is substituted by the following :

An officer transferring medical supplies will furnish duplicate certified invoices to the officer who is to receive them, who shall furnish to the issuing officer duplicate receipts (specifying articles and quantities), accompanied by a report of the quality and condition of the supplies, and discrepancies, if any, between the articles received and invoiced ; a duplicate of which report will also be sent to the Surgeon-General. With their returns of hospital property, officers will forward to the Surgeon-General one of the invoices of supplies received by them, and one of the receipts for supplies issued. A medical officer who turns over medical supplies to a quartermaster for storage or transportation, will forward to the Surgeon-General the quartermaster's receipt for the packages. When a medical officer to whom stores are forwarded has reason to suppose them miscarried, he shall promptly inform the issuing and forwarding officers and the Surgeon-General.

IV.. Paragraph 53, Medical Regulations (1,197 Army Regulations), is modified as follows :

Every medical officer will report to the Surgeon-General and to the Medical Director the date when he arrives at a station, or when he leaves it, and his orders in the case, stating the date of their reception, their nature, number, date, and source ; and at the end of each month, whenever not at his station, whether on service or on leave of absence, and when on leave of absence, his post-office address for the next month.

By order.

S. COOPER,

Adjutant and Inspector-General.

GENERAL ORDERS, }
No. 61. }

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,

RICHMOND, July 29, 1864.

By order.

S. COOPER,

Adjutant and Inspector-General.

GENERAL ORDERS, }

No. 63. }

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE

RICHMOND, August 6, 1864.

I..All detailed men (including those between 18 and 45 years of age) will report to and be commanded by the generals of reserves in the states to which they respectively belong, who will organize them into companies and regiments. It is not anticipated that they will be called out except in emergencies occurring in or near the counties of their residence, nor will service be exacted of them beyond those counties and those contiguous thereto. All exempts are allowed and are invited to enroll themselves with such companies, so as to be prepared to aid in defending their homes when menaced by the enemy.

II..Officers and soldiers into whose hands captured colors fall are prohibited from presenting them to individuals.

III..Paragraph V, General Orders, No. 59 (current series), is not intended to apply to officers and bonded agents who are *continuously* engaged in special service by order of the chief of the bureau to which they belong, and whose duties require them to travel from place to place. In such cases, personal expenses are allowable in lieu of commutation of fuel, quarters, and rations. Accounts of expenses will be vouched and paid by the chief of the bureau from which the orders issue, and transportation will be furnished in kind.

IV..So much of paragraph II, General Orders, No. 55 (current series), as includes commissioned officers in the operation of the "Act to promote the efficiency of the cavalry of the Provisional army, and to punish lawlessness and irregularities of any portion thereof," is revoked.

V..General Orders, No. 93 (1863), is hereby revoked.

VI..Paragraph I, General Orders, No. 49 (1863), is amended as follows:

Surgeons in charge of hospitals will have the military clothing of do-

ceased soldiers washed before turning it over to the quartermaster for reissue. The appraisement of such clothing will not exceed the prices established in General Orders.

VII..Great irregularities in the observance of the orders regarding the collection of the tax in kind having existed, attention is called to paragraphs I, II, III, and IV, General Orders, No. 43 (current series), which are repeated and enjoined upon the army. Those orders are not intended to authorize any quartermaster or commissary to establish tax depots in organized tax districts, but to allow them, in cases where exigency requires it, to collect from producers in government wagons. The supplies already collected at the tax depots are always transferable to them upon requisition. Attention of quartermasters and commissaries is specially called to this order. A violation of it is an outrage to the tax-payer, and the efficiency of the tax in kind service demands that offenders against it shall be held to strict accountability.

By order.

S. COOPER,

Adjutant and Inspector-General.

GENERAL ORDERS, }

No. 64. }

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,

RICHMOND, August 10, 1864.

I..The following ROLL OF HONOR is published, in accordance with paragraph I, General Orders, No. 131 (1863). It will be read to every regiment in the service at the first dress-parade after its receipt.

II..Attention is called to the manner in which the selections under the law should be made. The non-commissioned officers and privates are authorized, at the first dress-parade after each victory the company shall have assisted to achieve, to distinguish, by a majority of their votes, *one* private or non-commissioned officer most conspicuous for gallantry and good conduct in the battle. Should more than one soldier be hereafter selected by a company, as equal in merit, the name to be announced upon the roll will be determined by lot. Commissioned officers, distinguished for gallantry on the field, are not to be selected by the vote of the company, battalion, or regiment to which they belong, but a statement of their special good conduct should be made by their immediate commander, and forwarded, through the regular channel, to this office.

BATTLE OF WILLIAMSBURG.

Alabama.

By order.

S. COOPER,

*Adjutant and Inspector-General.*GENERAL ORDERS, }
No. 65.ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,
RICHMOND, VA., August 15, 1864.

I..It having been represented to the War department that there are numbers of foreigners, entrapped by artifice and fraud, into the military and naval service of the United States, who would gladly withdraw from further participation in the inhuman warfare waged against a people who have never given them a pretext for hostility, and that there are many inhabitants of the United States now retained in that service against their will, who are averse to aiding in the unjust war now being prosecuted against the Confederate States: And it being also known that these men are prevented from abandoning such compulsory service by the difficulty they experience in escaping therefrom, it is ordered, that all such persons, coming within the lines of the Confederate armies, shall be received, protected, and supplied with means of subsistence, until such of them as desire it can be forwarded to the most convenient points on the border, when all facilities will be afforded them to return to their homes.

By order.

S. COOPER,

*Adjutant and Inspector-General.*GENERAL ORDERS, }
No. 66.ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,
RICHMOND, August 16, 1864.

I..The extra pay allowed to men detailed from the army under the "Act of Congress to provide for the compensation of non-commissioned officers, soldiers, sailors, and marines in detailed service," approved June 9, 1864 (G. O. 53, No. 8, current series), is established as follows:

1st. The extra pay for extraordinary skill or industry, or for extra work contemplated in section second of the law, may be, in the City of Richmond, not exceeding the amounts named in the following schedule:

Superintendent,	Not exceeding,	\$10 00 per diem.
1st class foreman,	" "	7 50 " "
1st " mechanics,		6 00 " "
2d " "		5 50 " "
3d " "		5 00 " "
Other employees showing uncommon skill or industry,		4 00 " "
Skilled clerks,		6 00 " "

2d. the extra pay allowed in this schedule shall be regarded as pay for ten hours' work, and for all work requiring "uncommon skill" done in other than the regular ten hours, the pay shall be 50 per cent. greater than the schedule price.

3d. This extra pay may be increased or diminished at other posts or depots where workshops are established, in proportion as the market-price of provisions is greater or less than in the City of Richmond; the Secretary of War and of the Navy acting conjointly as to such increase or diminution at points where there are establishments belonging to each branch of the service.

4th. No restrictions will be placed on the amount of pay to be given by contractors to detailed men, save that the wages shall conform, as nearly as possible, to the wages received by similar classes in the employ of the government.

5th. The extra compensation for piece-work, where such work is to the advantage of the government, shall be regulated in conformity to the classification of workmen in section one; the commanding officer, with the approval of the chief of the bureau concerned, fixing what shall be regarded as a full day's work with "uncommon industry." Compensation for work turned out over and above the quantities so fixed shall be paid at the rate fixed by the "extra compensation" for full day's work.

6th. This act is to be construed as applying to men detailed "from the field," and does not apply to those attached in any way to an army in the field.

The allowance of two dollars a day is optional with the chief of each bureau, and any less sum may be paid according to the nature of occupation and services of the detailed man. It will be paid out of the funds of the bureau employing him, and for the days in which work is actually performed, unless otherwise specially ordered by the chief of bureau.

Payments to men detailed in the Medical department, except those on duty with purveyors, will be made by the Quartermaster's department.

7th. The clothing and rations issued to all classes of detailed and enrolled men shall be the same in kind and quantity as is issued to

soldiers in the field, and shall be issued by the proper officer of the War department in such manner and at such intervals as may be directed by the Secretary of War. Whenever, from any cause, the ration can not be issued in kind within ten days after it is due, it shall be promptly commuted at its current value by the Commissary department.

8th. In like manner, whenever the clothing allowed can not, for any cause, be furnished by the Quartermaster's department, it shall be commuted by said department at the current local value of such clothing, to be fixed by the Quartermaster-General.

9th. The other allowances, viz., fuel and quarters, will be commuted to each detailed man according to rates fixed by the Quartermaster-General.

10th. These orders will take effect from the first of August instant.

By order.

S. COOPER,

Adjutant and Inspector-General.

GENERAL ORDERS, }

No. 67. }

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,

RICHMOND, August 16, 1864.

I. The ration specified in paragraph II, General Orders, No. 59 (current series), on which the hospital fund is to be reckoned, is as follows:

A half pound of bacon or pork, one and a half pounds of flour or corn meal (equal quantities of both to be used in the reckoning); and to every one hundred rations ten pounds of rice, one gallon of vinegar, one and a half pounds of candles, four pounds of soap, and three pounds of salt; and at that rate for any less number of rations.

II. All horses, mules, wagons, harness, and saddles, in the hands of officers, soldiers, or citizens not authorized to retain them, branded "C. S." or "U. S.," or captured from or abandoned by the enemy, will be turned in at once to the nearest post quartermaster. But the rights of citizens, as established by General Orders, No. 61 (1863), are not intended to be divested by the operation of this paragraph; and persons having property under the conditions of that order, or who have property abandoned by the enemy of equivalent value to that taken from them, will not be molested without a special order.*

Captain R. V. Gaines, A. Q. M., in addition to his present duty, is specially charged with looking up and securing the above described

* See General Orders No. 73 (c. s.), paragraph VI.

property. He will report through the Inspector-General of Field Transportation to the Quartermaster-General.

III..Section 6, paragraph I, General Orders, No. 66 (current series), is thus amended:

This act is construed to apply only to soldiers detailed from the army, and to conscripts detailed by the Bureau of Conscription, for service in the several departments out of the field. The extra pay is not intended for soldiers detailed for duty in the field.

IV..All men enlisted in the forces for local defence will be held responsible in the money value of arms, equipments, etc., belonging to the government, and lost by them. All such men, who are employees of the government, or of contractors under the government, will have the value of lost arms, etc., deducted from their salaries or wages—the amount to be turned over by the paymaster to the ordnance officer, or other officer of the command who may be accountable for the property to the treasury. These officers are charged with the execution of this order, will account to the treasury for the money turned over to them under it, and will make quarterly reports of arms, equipments, etc., lost (giving names of parties losing them), to the Chief of the Ordnance bureau at Richmond.

V..Paragraph I, General Orders, No. 63 (current series), is thus amended:

All detailed men (including those between eighteen and forty-five years of age) will report to and be commanded by the general of reserves in the states in which they have been assigned or detailed, who will organize them into companies and battalions. It is not anticipated that they will be called out except in emergencies occurring in or near the counties of their residence; nor will service be exacted of them beyond those counties and counties contiguous thereto; except that companies hereafter formed may be required to perform service in repelling raids along a line of railroad running through their respective counties. All exempts are allowed and invited to enroll themselves with such companies, so as to be prepared to aid in defending their homes when menaced by the enemy.

VI..Section 6, paragraph I, General Orders, No. 44 (current series), is amended to read as follows:

Cavalry divisions and brigades may each have an assistant adjutant and inspector-general (not to exceed for divisions the grade of major, and for brigades the grade of captain) in addition to the number allowed infantry divisions and brigades.

VII..The commutation allowed enlisted men under paragraphs III, IV, and VI, General Orders, No. 8 (current series), is fixed at two dollars and fifty cents per diem, to take effect from August 20, 1864.

VIII..Paragraph IV, General Orders, No. 96 (1863), is amended to allow sick and wounded men on furlough to draw rations, or commutation therefor (at their option), from the date of their furloughs.

IX..Issues of clothing to soldiers in general hospitals, located at posts where an officer of the Quartermaster's department is stationed, will be made by the post quartermaster, or a subordinate officer designated by him.

By order.

S. COOPER,
Adjutant and Inspector-General.

GENERAL ORDERS, }
No. 68.

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,
RICHMOND, VA., *August 26, 1864.*

I..The act of Congress "To provide for the establishment and payment of claims for a certain description of property taken or informally impressed," approved June 14, 1864, and published in General Orders, No. 54 (current series), does not prescribe any rule of decision to the accounting officers of the government, but was designed to secure for the claimant an early method of obtaining proof for his claim. The department, therefore, recommends to the commissioners appointed under the aforesaid act to receive the proof of the claims that may be made for the property designated in the act and embraced in its objects with which any claimant may be prepared, although the same may not be, in their opinion, sufficient to support a claim against the Confederate States, nor conform to the directions in General Orders, No. 54. But all claims that are not supported by testimony, as prescribed in the General Orders just cited, should be reported separately from the others, and as being taken under this order.

II..Requisitions may be made by any commissioner appointed under said act, upon a quartermaster of a post in his district, for a reasonable supply of stationery to enable him to perform his duties, and also for the payment of six advertisements in two newspapers, to be published in the district, of the time and places at which he may hold his sessions. No allowances will be made for clerk hire or counsel fees.

III..The allowances to the commissioners will be paid at the treasury, after being audited by the Second Auditor, from the fund for "contingent expenses of the army;" and claims for services under the act

by a commissioner will be sent to the Second Auditor properly authenticated for allowances.

By order.

S. COOPER,

Adjutant and Inspector-General

GENERAL ORDERS, }
No. 69.

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,
RICHMOND, VA., August 27, 1864.

*I..The Bureau of Conscription will cause to be delivered from the proper officers of the bureau to the chief commissary in every state a report containing the names of all persons in the state, with the places of their residence, who have obtained exemptions or details as agriculturalists, owners, overseers, managers, farmers, planters, or otherwise, as producers of grain or provisions under the fourth paragraph of the tenth section of the military act of the 17th of February, 1864, published in General Orders, No. 26 (current series), together with a statement of the terms of the contract, the sureties to the same, and with all other pertinent facts relating to the said exemption or detail. The officers of the Subsistence department, under the direction of the Commissary-General and chief commissary of each state, are charged with the collection of the meat which any exempt or detailed men may have contracted to pay, and to give an acquittance therefor; also to make whatever commutations or reductions that may be authorized by the act whenever the conditions are established that justify the same; and to make all the purchases of the marketable surplus at the prices specified in the act, which the same authorizes to be made on behalf of the government. The said Subsistence department being hereby clothed with authority to represent the government in the enforcement of its claims under the contracts and obligations that the act imposes upon the exempts and detailed men described therein.

II..In order that the regulation on the subject of the sale of the marketable surplus of provisions and grain to the government and the families of soldiers in the said act may have execution, the commissaries in the different states may be instructed to limit their purchases of grain and provisions of the marketable surplus in any district to some definite proportion, not to exceed one-half, and to leave the remainder for the persons who purchase on behalf of the families of soldiers.

* Amended by General Orders No. 71 (c. s.), paragraph II.

III..All agents appointed by the public authorities of any state, county, or town, to supply food for the families of soldiers, are authorized to purchase the portion unappropriated by the government for the object of their trust. The commanders of conscripts or the chief commissary of each state or district may authenticate the authority of such agents, and persons selling to agents thus authenticated shall be fully warranted to do so.

IV..The families of soldiers, as described in the said act, are the families composed of the wife or wife and children of any person who belongs to the army; the widow or widow and children of any person who died while in the service; the mother and sisters of any soldier or soldiers in the army, and who resided with them as members in the same family, or were dependent upon their labor or support; the parents or sisters of any person belonging to the army, who resided in the same family with them and who derived from them support.

V..Officers are authorized to purchase necessary subsistence for their families under this act.

VI..Every exempt and detailed man under this act shall render to the enrolling officer in his district a detailed statement of the marketable surplus produced and sold by him, with testimony that the sales were to the government or to soldiers' families, which statement shall be sent to the commander of conscripts for the state, and thereupon satisfaction upon his bond shall be entered.

VII..The act of Congress aforesaid provides: That exemptions in favor of the classes aforesaid shall cease whenever the farmer, planter, or overseer, shall fail diligently to employ in good faith his own skill, capital, and labor, exclusively in the production of grain and provisions, to be sold to the government and the families of soldiers at prices not exceeding those fixed at the time for like articles by the commissioners of the state under the Impressment act. It has been represented to the department that there are instances of persons exempt or detailed under this act who pay but little respect to the obligations they have contracted. That they have become speculators in food and provisions; that they are negligent and careless as to the extent of their productions, and openly affirm that they do not mean to have any surplus. The department is required, in all such or similar cases, to revoke the detail, and the performance of this duty is devolved upon the Bureau of Conscription upon proper testimony being afforded to them or to their officers, to be designated by them to perform this duty.

By order.

S. COOPER,
Adjutant and Inspector-General.

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,
RICHMOND, VA., August 29, 1864.

I..In consequence of the addition of fifty artillery officers for ordnance duty, by act of Congress approved June 10, 1864, the distribution of grades announced in General Orders, No. 110 (1863), is changed to the following: Five lieutenant-colonels, ten majors, eighty-five captains, sixty first lieutenants, and forty second lieutenants.

II..These officers, together with such officers of the regular Confederate army and field-officers of the provisional artillery as are placed on ordnance duty by the Secretary of War, will alone hereafter constitute the corps of officers for ordnance duty. All other officers on ordnance duty are only incidentally ordnance officers, and are liable to be replaced by the class of officers above enumerated.

III..All officers on ordnance duty will, without delay, report by letter to the Chief of Ordnance at Richmond, stating—first, their rank; second, date of commission; third, arm of service; fourth, the state to which they belong; fifth, date of assignment to ordnance duty; sixth, the authority by which assigned, furnishing date, and, if possible, copy of order of assignment. Officers of the regular army will report both their regular and provisional commissions, or commissions conferring temporary rank.

IV..Appointments in the corps of artillery officers for ordnance duty established by acts of Congress approved April 21, 1862, September 16, 1862, and June 10, 1864, will be made to the grade of second lieutenants, after the usual examinations. Candidates examined prior to the passage of act approved June 10, 1864, may, however, on recommendation, be appointed to grades for which they were recommended, and in which they have been serving under General Orders, No. 12 (1863).

V..The government foundery, blacksmith shops, and laboratory of the ordnance department at Salisbury, North Carolina, will hereafter be known as the "Salisbury Arsenal."

By order.

S. COOPER,
Adjutant and Inspector-General.

GENERAL ORDERS, }
No. 71.

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,
RICHMOND, VA., September 6, 1864.

I..Leaves of absence may be granted by commandants of conscripts to medical officers on conscript duty, and employed surgeons, members

of examining boards for conscripts; for a period of seven days. If longer leave is desired, the application must be referred to the Surgeon-General. If approved by him, leave may be granted by commandants.

II..Paragraph I, General Orders, No. 69, current series, is thus amended :

Purchases of corn, oats, and forage, from detailed persons, will be made by officers of the Quartermaster's department; and their powers in respect to such purchases will be the same as those given to the Commissary department.

III..General Orders, No. 75, 1863, is hereby repealed. The extra pay of men detailed for duty in the several departments *in the field* will hereafter be regulated according to paragraph 882, Army Regulations.

IV..Physicians employed by contract, whose whole time is given to the public service, will receive the pay and allowances of assistant surgeons.

V..Paragraph V, General Orders, No. 59, current series, is so amended as to authorize generals commanding reserve forces in the respective states to give orders that will carry transportation.

VI..Officers holding appointments in the general staff as assistant adjutants and inspectors-general, quartermasters and assistant quartermasters, commissaries and assistant commissaries, surgeons and assistant surgeons, will report by letter to this office, with the least delay practicable, setting forth their rank, corps, position, and present assignment to duty, and by what authority assigned. And changes which may hereafter take place in their assignments will, in like manner, be immediately reported by them to this office. A non-compliance with this order will subject the officer concerned to a discharge from the service.

VIII..Paragraphs III and V, General Orders, No. 34, current series, are thus amended :

If the board find the soldier fit for duty in any department of the service, it will not retire him immediately, but will forward their certificate of disability and the form of retirement, signed by the board, through the head-quarters of the army, to this office, for its approval. If the soldier be absent from his command, the certificate and form may be forwarded directly to the Adjutant and Inspector-General.

VIII..Commanders of departments and armies are prohibited from granting leaves of absence to officers who report directly to the bureaus to which they respectively belong.

By order.

S. COOPER,

Adjutant and Inspector-General.

GENERAL ORDERS, }
No. 72. }

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,
RICHMOND, VA., September 15, 1864.

Private letters or communications relative to military marches and operations are frequently mischievous in design, and their publication generally injurious to the military service. They are, therefore, strictly forbidden; and any officer or soldier, or other person serving with the armies of the Confederate States in the field, who shall be found guilty of making such communication for publication, or placing the writing beyond his control, so that it finds its way to the press before one month after the termination of the campaign to which it relates, shall be punished, according to the degree of his offence, by the sentence of a court-martial.

By order.

S. COOPER,

Adjutant and Inspector-General.

GENERAL ORDERS, }
No. 73. }

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,
RICHMOND, VA., September 22, 1864.

I..The generals of reserves will hereafter control the enrolling officers, and conduct the business of conscription and enrolment in their respective states, under the direction of the Secretary of War, through the Conscript bureau.

II..Commandants of conscripts and of camps of instruction will be under the direction of the generals of reserves.

III..As soon as practicable, all officers and men now employed in the enrolling service, whether as enrolling officers, conscript guards, clerks, or otherwise, except such as are retired or assigned to light duty by the medical boards, will be relieved by details from the reserve forces, and sent to the field.

* IV..All applications for exemption and detail will be transmitted, through the generals of reserves, to the Superintendent of the Bureau of Conscription for decision. The office of congressional district enrolling officer is abolished, and communications from local enrolling officers will be transmitted through the commandants of conscripts to the generals of reserves. An officer may be assigned to duty in each congressional district by the generals of reserves as inspector of conscription.

V..The reports required to be furnished the Bureau of Conscription, by paragraph X, General Orders, No. 57, Adjutant and Inspector-General's office, current series, are often defective and incomplete—failing to give the county in which the man resides, where it is supposed he may be found, or such other information as may lead to his prompt arrest. The attention of regimental and company officers is especially directed to the terms of that order, and their compliance therewith required. Only those men who have deserted or are absent from their commands without proper authority should be reported, and when all men so absent have been reported, it will be only necessary to report those who subsequently absent themselves, until a return of the action taken by the enrolling officer is received by the officer reporting such desertion of absence.

VI..Paragraph II, General Orders, No. 67, current series, is amended by striking out the words, "will not be molested without a special order," and inserting the following language: "Will be allowed to retain it on showing such right."

By order.

S. COOPER,

Adjutant and Inspector-General.

GENERAL ORDERS, }
No. 74. }

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,

RICHMOND, VA., *September 22, 1861.*

The following order is published for the information of all concerned:

EXCHANGE NOTICE, No. 12.

All officers and men of the Vicksburg capture of July 4, 1863, who

* Revoked by General Orders No. 83, paragraph XI.

reported for duty at any parole camp east of the Mississippi, prior to September 10, 1864, are hereby declared exchanged.

Ro. OULD,
Agent of Exchange.

Richmond, September 20, 1864.

By order.

S. COOPER,
Adjutant and Inspector-General.

CONFEDERATE STATES OF AMERICA,

WAR DEPARTMENT,

GENERAL ORDERS, }
No. 75. }

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,
RICHMOND, VA., *September 26, 1864.*

I..The troops raised under the act of Congress approved February 17, 1864, styled "reserves," constitute a peculiar force, auxiliary to, but in a measure distinct from, the more permanent army, and are exclusively under the orders of the general officers assigned to their command in the several states, subject to the following modifications:

When a commander of active forces requires the reserves as reinforcements, application will be made to the Secretary of War, or directly to the general commanding the reserves; and when reserves are assigned, in pursuance of such application, to a district, department, or army commander, they become, during the period of such assignment, subject to his control, to the extent that he alone will direct their military movements, determine all applications for furlough, and be responsible for their being furnished with the necessary supplies, equipments, etc.; but questions appertaining to their permanent organization into companies, battalions, and regiments, the grant of discharges, details, etc., will at all times be determined by the general commanding reserves.

When reserves are assigned to the active forces by the War department, its order will be necessary for their recall; but when transferred by the general commanding reserves, he may recall them at his discretion, the orders therefor being transmitted through the commander of the district, department, or army, in which such reserves may be serving; but, if their detention be deemed by him indispensable, he shall immediately submit the question to this office for the decision of the War department—in the meantime retaining the reserves affected by such orders.

During the assignment of reserves with the active forces, the commanding officer will have punctually transmitted to the general commanding reserves a monthly return of such reserve troops, similar to that required by paragraph 445, Army Regulations, to be made to the Adjutant and Inspector-General.

Whenever reserves are serving with active forces, no discrimination in the issue of rations and supplies of camp equipage between the two classes of troops will be permitted.

II..The following prices, being the average of late schedules established by commissioners for the states east of the Mississippi river, with cost of transportation included, will be charged for subsistence stores sold to officers under the act of February 17, 1864, and amendments, in Virginia, North Carolina, South Carolina, Florida, Georgia, Alabama, Mississippi, and East Louisiana, until further orders :

Bacon, \$2 50 per lb.

Fresh beef, 70 cents per lb.

Flour, \$4 00 per barrel.

Corn meal, \$4 50 per bushel of 50 lbs.

Rice, 30 cents per lb.

Peas, \$6 50 per bushel of 60 lbs.

Sugar, \$3 per lb.

Coffee, \$6 per lb.

Candles, \$3 25 per lb.

Soap, \$1 per lb.

Vinegar, \$2 50 per gallon.

Molasses, \$10 per gallon.

Salt, 30 cents per lb.

III..Non-commissioned officers and privates are allowed rations for their own use ; but this privilege does not authorize the sale or other disposition of them. If it is impracticable to use the ration, commutation may be drawn in lieu thereof.

By order.

S. COOPER,
Adjutant and Inspector-General.

GENERAL ORDERS, }
No. 76.* }

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,

RICHMOND, October 5, 1864.

I..All details heretofore granted, under authority of the War department, to persons between the ages of eighteen and forty-five years,

* Repealed, and No. 77 substituted therefor.

are revoked ; and all such detailed men, together with those within the said ages who hold furloughs, or temporary exemptions by reason of pending applications for details, will be promptly assembled at the camps of instruction, and appropriately assigned among the armies for service ; except that men detailed and now actually employed in manufacturing, providing, collecting, and forwarding munitions and other indispensable supplies for the army and navy, or in work indispensable to military operations, will be continued in their present employments until their details shall be revised.

II..The heads of departments and chiefs of bureaus will, within the next twenty days, forward to the generals of reserves lists of all detailed men in their employment in the several states, specially distinguishing and certifying those who are experts, and those absolutely indispensable for the performance of the above-mentioned government work and business ; and all detailed employees not so certified within the prescribed period will, upon the expiration thereof, be forthwith assigned to the army.

III..All persons called out by this order, who claim exemption on account of physical disability, will be examined by select medical boards after their arrival at the camps of instruction.

IV..All men found fit for light duty, who are unassigned, will at once report to the camps of instruction, under the penalty of being forthwith assigned to the active forces.

By order.

S. COOPER,
Adjutant and Inspector-General.

GENERAL ORDERS, }
No. 77. }

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,

RICHMOND, October 8, 1864.

The following will supersede General Orders, No. 76, present series, which are hereby revoked :

I..All details heretofore granted, under authority of the War department, to persons between the ages of eighteen and forty-five years, are hereby revoked ; and all such detailed men, together with those within the said ages who hold furloughs or temporary exemptions by reason of pending applications for detail, will be promptly assembled at the camps of instruction, and appropriately assigned among the

armies for service; except that men detailed and now actually employed* as artisans, mechanics, or persons of scientific skill (and those detailed and now engaged in the manufacture, collection, and forwarding of indispensable supplies for the army and navy), will be continued in their present employments until their respective details be revised.

II..The heads of departments and chiefs of bureaus will immediately forward to the generals of reserves in the several states lists of all detailed men in their employment in the said states, certifying in each case of a person between eighteen and forty-five years, those who are experts and absolutely indispensable for the public service, specifying the employment of each individual; and all detailed employees who are between the ages of eighteen and forty-five years, not so certified within the prescribed period, will be forthwith assigned to the army. A duplicate of the above lists will at the same time be furnished to the Adjutant and Inspector-General for the action of the Secretary of War.

III..All persons called out by these orders, who claim exemption on account of physical disability, will be examined by select medical boards at the camps of instruction.†

IV..All men found fit for light duty, and who are unassigned, will at once report to the camps of instruction, under the penalty of being forthwith assigned to the active forces.

By order.

S. COOPER,

Adjutant and Inspector-General.

GENERAL ORDERS. }

No. 78. }

I..The attention of officers and soldiers is specially directed to the 34th article of Army Regulations, and General Orders, No. 3 (1863). The rapidly increasing correspondence of the War department demands that their requirements shall hereafter be strictly observed. A violation of them will subject the offender to prompt trial by court-martial. The regulations respecting military correspondence were made after

* See General Orders No. 81 (c. s.), paragraph II.

† See General Orders No. 81 (c. s.), paragraph III.

See General Orders No. 82, paragraphs I and II, modifying the above order as regards Nitre and Mining bureau.

long experience, and are indispensable to an intelligent and efficient discharge of business.

The remarks and opinions of intermediate commanders upon the subject-matter of each communication are important to the department, and in all cases required. Opportunity must, therefore, be afforded for their expression; and all communications which are not forwarded through the prescribed channel will be invariably returned, without other action than instructions to bring the party to trial for violation of orders.

Letter-paper will be folded in three, and foolscap in four equal folds, parallel with the writing, and indorsed *on the fold corresponding with the top of the sheet, thus:*

Post or Station, and Date of Letter.

Name and Rank of Writer.

Analysis of Contents.

The indorsements should be carefully made, so as to afford information of its contents at a glance, and to present only those points which are material and pertinent. This will leave ample space for subsequent indorsement. Commanders will return for completion all papers not so indorsed. The practice of wrapping communications with mere strips of paper for the purpose of indorsement, owing to their liability to be detached and lost, is prohibited.

II..Issuing commissaries will hereafter require from commissioned officers drawing rations a certificate that the same are for their own use.

III..Upon information received that any commissioned officer or soldier has sold the rations drawn by him, he will thereafter not be allowed to draw rations, at any one time, for a greater period than three days.

IV..Furloughed officers and men, other than those furloughed from hospitals, will be allowed to draw, at the place where furloughed, rations for the number of days only that are required for their journey. Officers and men furloughed from hospitals will receive from the hospital commissary such number of rations, for the purpose of reaching their destination, as the surgeon in charge may direct. Furloughed men may be allowed commutation of rations for the time specified, in lieu of rations in kind, if they prefer it. After reaching their destination, sick and wounded furloughed men, not in hospitals, may draw

from the nearest post commissary, rations in kind, or commutation therefor, for the period of five days at a time. Each issue made to furloughed men, or each payment, if commutation is allowed, will be indorsed on the furlough by the issuing officer.

V..Boards of examiners in general hospitals are directed not to furlough, or discharge, or recommend for leave of absence, any soldier or officer who, on his admittance into hospital, could not show proper authority for his absence from his command. Officers or soldiers applying for admission into general hospitals, who are not provided with proper authority for their absence from their commands, will, if able to travel, not be admitted, but sent back to their commands. If unable to travel, such cases will be received into hospitals, and their admittance reported to their respective commanding officers, and when sufficiently recovered they will be returned under guard to their commands.

VI..All communications to the Secretary of War, or to this office, from the generals commanding reserves, pertaining to the matter of conscriptions, or other duties hitherto devolved on the authorities of conscription, must be addressed through the Superintendent of the Bureau of Conscription.

By order.

S. COOPER,

Adjutant and Inspector-General.

Sept 28, 1864
Sept 29, 1864

S. COOPER,
Adjutant and Inspector-General.

GENERAL ORDERS, }
No. 81.

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,
RICHMOND, October 14, 1864.

I. .Generals commanding reserves in the several states will, without delay, select and send officers, one to each congressional district, empowered to summons, and, after inspection, forward to the camps of instruction all persons holding certificates of permanent disability, and such persons assigned to light duty as, in his judgment, appear likely to be adjudged qualified for active service. All such as may, upon examination, be pronounced, by select medical boards, so qualified, will be assigned to duty in the field.

The inspectors of conscription may be charged with this additional duty in the absence of other suitable officers.

II. .Paragraph I, General Orders, No. 77 (current series), is amended by the insertion of "in the service of the government" between the words "employed" and "as artisans," etc.

III. .The details of such men, called out by General Orders, No. 77 (current series), as are found by the proper medical boards to be unfit for field service, may be revived, and similar details may be granted to light duty men not heretofore detailed, at the discretion of the generals of reserves.

By order.

S. COOPER,
Adjutant and Inspector-General.

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,
RICHMOND, October 20, 1864.

I. .The Chief of the Bureau of Ordnance will, without delay, take measures to place in the field one-fifth of all the men employed in his department (including contractors and their employees, of the classes specified in General Orders, No. 77, A. and I. G. office (current series).

To this end, he will direct the several officers in charge of arsenals, workshops, depots, etc., to turn over to the nearest enrolling officer, by list, showing their ages, occupation, and residence, such proportion of their employees (including contractors and employees under them), of the class above referred to, as will constitute, in the aggregate, one-fifth of the whole number in the said classes, according to returns in his office of September 30, 1864. Duplicates of such list will be sent to the general of reserves of the states, and triplicates to the Chief of Ordnance. Three days are allowed for the execution of this order, after its reception at any post or station of the Ordnance department.

II..The Chief of the Nitre and Mining bureau will turn over, in like manner, on similar lists, one-fifth of all men of the classes specified in General Orders, No. 77, employed in iron, lead, copper, and coal mining, and in all service appertaining thereto, whether under officers of his bureau, or by contractors. Duplicate and triplicate lists to be furnished as above directed, in the Ordnance bureau; and will in like manner turn over one-fifth of all such men as are employed in the nitre service. The period of three days, under the same conditions as above mentioned, are allowed for the execution of this order.

III..The list of persons directed in the foregoing sections to be turned over to the enrolling officer will be prepared at once, on the reception of this order, and will be furnished to the said officers within three days, as above described, by the various officers of each of the above bureaus having men under their charge; and every assistance will be rendered by the latter to the enrolling officers to carry out the intention of this order.

IV..So much of General Orders, No. 77, as relates to men employed in the two bureaus named above, is hereby suspended, and the foregoing order will stand in lieu of all requirements under the former.

By order.

S. COOPER,

Adjutant and Inspector-General.

GENERAL ORDERS. }
No. 83. }

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,
RICHMOND, VA., November 1, 1864.

I..All soldiers hereafter furloughed at department or army headquarters, or at hospitals, by reason of disability resulting from wounds or sickness, will rejoin their commands at the expiration of the time

originally allowed, unless, in the opinion of the medical examining board, their condition is not such as to permit them to make the journey without serious detriment to their health. All now absent are required to return at the expiration of their present furloughs, except those unable to travel. The certificate required above will be promptly forwarded to the company commanders.

II..Generals commanding reserve forces in the several states are charged with the execution of this order. They will cause to be collected and forwarded without delay, to their respective commands, all men who come within the provisions of the preceding paragraph, that they may be discharged, retired, or assigned to active or light duty, as circumstances may justify.

III..Paragraph VII, General Orders No. 48 (current series), is thus amended:

Officers of the Quartermaster's department failing to return the sacks in which grain is received from the quartermaster, will be charged three dollars for every one not returned.

IV..Paragraph I, General Orders, No. 74 (1862), is so modified as to require the enforcement of the Conscrip act in the department of South-Western Kentucky.

V..Candidates for appointment to the position of military store-keeper in the Ordnance department will hereafter be subject to such examination, prior to appointment, as may be prescribed by the Chief of Ordnance.

VI..Commanders of cavalry regiments or battalions will require company commanders to keep a descriptive roll of all horses in their companies, noting all changes which are made amongst them by casualties or other causes as they occur.

VII..Every horse borne upon the descriptive roll will be treated as public property, so long as forage and the forty cents a day are drawn from the government. No soldier will be permitted to ride his horse, except in the discharge of public duty, or to sell or exchange him, except to secure one more serviceable—such superiority to be determined and certified by the company officers present for duty, and the fact noted upon the descriptive roll. Such sales or exchanges, however, are strictly forbidden between cavalymen of the same or different commands.

VIII..Brigade inspectors, in making inspections, will examine these descriptive rolls, observing that they accurately describe the number

and distinguishing marks of the horses. Where they discover horses to have been used for private purposes, or disposed of in violation of orders, they will note the facts upon the inspection report, with the names of the company commanders permitting it, and of the soldiers so offending, sending up charges against all, with the view to their trial by court-martial.

IX..Horses forfeited under the action of General Orders, Nos. 53 [act 26] and 55, Adjutant and Inspector-General's Office, of 1864, may be purchased, after appraisement, for the benefit of owners, by deserving cavalrymen who have lost their horses by the casualties of battle.

X..Inspectors will report on their "inspection reports," for transfer to the infantry, all men found dismounted through their own carelessness, or whose horses may have been rendered unserviceable by neglect or hard usage upon other than public service.

DESCRIPTIVE ROLL

Of animals belonging to company , regiment , brigade ,
division .

DESCRIPTION OF ANIMAL.

To whom horse belongs.	Height.	Color.	Distinguishing marks.	Mare.	Horse.	Remarks.
A. B.	15 hds	Sorrel	Star in forehead, etc.			

XI..The following is substituted for paragraph IV, General Orders, No. 73 (current series), which is hereby revoked:

All applications for exemption and detail will be transmitted to the Superintendent of the Bureau of Conscription for decision. The office of congressional district enrolling officer is abolished, and reports and returns of the commandants of conscripts will be made to the Bureau of Conscription, and a copy of each will also be furnished to the gen-

erals of reserves. An officer may be assigned to duty in each congressional district by the generals of reserves as inspector of conscription.

By order.

S. COOPER,

Adjutant and Inspector-General.

GENERAL ORDERS, }
No. 84. }

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,

RICHMOND, November 21, 1864.

I.. Brigadier-General John H. Winder is constituted Commissary-General of Prisoners. All officers and men on duty at the several military prisons are placed under his command. He is charged with the custody of all prisoners of war, and with the discipline and general administration of such prisoners east of the Mississippi river. His instructions will issue only from this office.

II.. Commandants of posts in the vicinity of these military prisons are made subordinate to Brigadier-General Winder in all matters necessary for the security of the prisoners. Department, army, and other commanders are required not to interfere with the prisoners, the prison guard, or the administration of the prisoners.

III.. Local and other troops doing duty at the posts herein indicated, will be considered prison guards. If their immediate commander be superior in rank to the commandant of the post at which they are stationed, he will, notwithstanding, detail the prison guard from his command, at the request of the post or prison commander; and the detail, when turned over to the last-named officer, will be under his sole charge and direction.

IV.. Detailed soldiers will not be transferred by officers with whom they are upon duty to other officers, without authority from this office, or from the general commanding the army to which the soldiers belong. Detailed conscripts will be transferred only by the authority of the Chief of the Bureau of Conscription.

V.. The telegraph will be used as economically as possible, and messages will not be sent by it without the approval of the commanding officer present. Where the telegram exceeds ten words, the voucher for its payment must embrace in his certificate that it was not for the personal benefit of the person by whom it was sent, and that it was necessary, and contained official business which could not be transacted by mail without detriment to the public service.

VI..Supplies collected or held by county or district agents, for the benefit of soldiers' families, are not liable to impressment.

VII..Paragraph XIII, General Orders, No. 34 (current series), is amended to allow all retired soldiers, who may enter any university, college, or school, to draw their rations in kind at the nearest post.

By order.

S. COOPER,
Adjutant and Inspector-General.

GENERAL ORDERS, }
No. 85. }

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,
RICHMOND, December 1, 1864.

The following order is published for the information of all concerned :

CONFEDERATE STATES OF AMERICA,
WAR DEPARTMENT, RICHMOND, December 1, 1864.

EXCHANGE NOTICE—NO. 13.

1. All Confederate officers and men who have been delivered by the Federal authorities at any place, prior to November 25, 1864, are hereby declared to be exchanged.

2. All officers and men of the Vicksburg capture of July 4, 1863, who reported at any parole camp, either east or west of the Mississippi river, at any time prior to November 1, 1864, are hereby declared to be exchanged.

Ro. OULD, *Agent of Exchange.*

By order.

S. COOPER,
Adjutant and Inspector-General.

GENERAL ORDERS, }
No. 86. }

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,
RICHMOND, December 5, 1864.

I..The Chief of the Bureau of Conscription will continue, with all practicable dispatch, to bring into service the twenty thousand slaves authorized by the act of Congress approved February 17, 1864. Enrolling officers will prepare correct lists in duplicate of the names, personal description, and ascertained value of the slaves, the county, dis-

trict, or parish in which, and the time when each was impressed, the name of the owner of each, and of the impressing officer. One of these lists will be forwarded monthly to the Commandant of Conscription in the state to which the slave belongs, and the other to the Superintendent of the bureau, each of whom will cause them to be copied in some uniform manner, convenient for reference.

II..When fifty or more slaves shall have been collected at any one station, they will be forwarded, under the charge of discreet men detailed from the reserve forces, to such point as the Superintendent of Conscription may direct, and turned over to the engineer officer instructed to receive them, for labor in the engineer and other departments of the service. A copy of the descriptive roll of each slave will accompany his delivery to the engineer officer.

III..The chief engineer of each army or military department will, under the direction of the Engineer bureau, have the general supervision and control of the slaves, and will organize them into gangs of one hundred men each (selecting four of the number as foremen), over whom will be placed a manager and two overseers. Every eight gangs will constitute a section, for which a superintendent will be selected. Three sections will compose a force, over which will be placed a director. Two clerks will be employed on detailed for each director, and one for each superintendent.

IV..The directors, superintendents, managers, and overseers, will be detailed or selected by the Secretary of War from men qualified by experience in the management of slaves, and who are fitted for the positions by their character for probity, energy, and intelligence.

V..There will be assigned, by orders from this office, a purveyor to each force, and an assistant purveyor to each section, who will provide subsistence, clothing, and other necessary stores, making requisition therefor upon the Quartermaster and Commissary departments. These will be bonded agents. In like manner, a medical officer will be assigned for each section, who will obtain supplies for the slaves from the Medical department, upon requisition as prescribed for surgeons and assistant surgeons of the army. Provision returns and requisitions for quartermasters stores will be signed by the manager, and, when approved by the superintendent, the purveyor of the section will make the issue.

VI..The Engineer bureau will detail an officer of the engineer ser-

vice for each army or department, to organize, inspect, and muster the gangs, sections, and forces, and to make details of working parties, in such number and for such objects as may be ordered by the commanding general. In this manner details of slaves will be made to perform labor in other departments of the service—it being intended that all such slaves shall be under the management and supervision of the Engineer department. When slaves are detailed in other departments than the Engineer department, the manager will send with them descriptive lists, retaining their names, however, upon his muster-rolls.

VII..Managers will prepare a muster-roll and duplicate muster and pay rolls of the slaves on the last day of every even month. The first will be transmitted to the Chief of the Engineer bureau; the muster and pay rolls to the Quartermaster-General. Each will be forwarded through the superintendents, who will be held responsible for their correctness. The ascertained value of each slave will appear upon both the muster-roll and the muster and pay rolls. The rate of pay will be determined by agreement with the owners, or by appraisement, as provided by law.

VIII..The value of the slave will be ascertained at the time of impressment, after careful medical examination (under rules prescribed by the Surgeon-General), by agreement between the enrolling officer and the owner, or by appraisement under the law regulating impressments, that, in the event of his loss while employed by the government, "by the act of the enemy, or by escape to or by death inflicted by the enemy, or by disease contracted while in any service required of him," his owner may receive his full value from the government. Slaves already impressed and in service, without previous appraisement or ascertainment of hire, or who may hereafter be impressed or received without appraisement or special contract, will be appraised, and their hires will be fixed by boards of disinterested slaveholders, selected and organized by the Engineer bureau. Enrolling officers will impress upon owners the propriety and advantage of having their slaves provided with one good new suit of clothing before they are turned over to the government, the value of which will be estimated in the appraisement.

The loss of a slave from either of the causes enumerated, and the time and manner of it, will be reported in triplicate by the manager of the gang to which he belongs, to the Chief of the Engineer bureau. He will, at the same time, note the casualty upon the next muster-roll.

IX..At the expiration of every six months the Quartermaster-Gen-

eral will send an officer to convenient places in each state, to pay owners or their attorneys the hire of their slaves, or, if lost, their appraised or agreed value.

X..Every effort will be made to induce contentment in the slaves. Their discipline will be considerate and mild for minor offences. Cases of a grave character will be forwarded for the determination and instructions of the chief engineer of the army or department, who will, in the meantime, prepare and submit for the approval of his commanding general, a code for the government of managers and others in charge of the slaves.

XI..The commanding general of each army or department will promptly remove and order to the ranks any manager or other employee having the supervision of slaves, who is guilty of cruelty toward them, or malfeasance or of malpractice, and will impose such other penalties as the offence would justify, under the 99th Rule and Article of War.

By order.

S. COOPER,
Adjutant and Inspector-General.

GENERAL ORDERS,

No. 87.

ADJUTANT AND INSPECTOR-GENERAL'S OFFICE,

RICHMOND, *December 10, 1864.*

I..The following *Roll of Honor* is published, in accordance with paragraph I, General Orders, No. 131 (1863). It will be read to every regiment in the service, at the first dress-parade after its receipt.

Louisiana.

First Lieut. Jno. M. Galbraith (since dead), 1st Co. Washington Artillery.

 The asterisks designate those killed in action.

By order.

S. COOPER,
Adjutant and Inspector-General.

CIRCULAR.

QUARTERMASTER-GENERAL'S OFFICE,

RICHMOND, VA., *October 1, 1864.*

In answer to inquiries addressed to this office, in reference to matters of transportation, and to prevent future irregularities, the following instructions will be strictly observed:

Transportation will be furnished as follows, viz:

- I..On extension of sick or wounded furlough.
- II..To sick or wounded men reporting to their commands, or to medical board to be retired.
- III..To men serving in the field as state reserves or militia, when on sick or wounded furlough.
- IV..To detailed men, when ordered to report, without pay or allowances, to contractors, railroads, etc.
- V..To cavalymen ordered home after fresh horses, and back to their commands, if they fail to procure them.
- VI..To members of relief committees or ambulance corps, travelling on public-business, with their stores; but officers of this department will be careful to see that this privilege is not abused.
- VII..To men regularly enlisted in an organized command, who are discharged from military service on writ of habeas corpus, by any judge of the district courts of the Confederate States, to their homes.
- VIII..To regularly employed matrons and nurses of hospitals, when on sick furlough, approved by the medical director or senior surgeon of a post, to their homes and back.
- IX..Hospital supplies may be sent by *mail train*, when in small packages, in cases of emergency only, or immediately before or after a battle.

X..On the order of Brigadier-General W. M. Gardner, commanding post at Richmond, Virginia, by special order of the Secretary of War.

GENERAL INSTRUCTIONS.

XI..Transportation can not be furnished men, or supplies for the treasury or navy, unless upon the order of the head of the department, or his authorized agents—which order must be filed as a voucher for future reference. When officers of the navy are travelling under orders, their cases will be acted upon as those of officers of the army, and their papers indorsed accordingly. In furnishing transportation for either of these departments, the personal or freight coupon, or bill of lading and invoice, must bear upon its face, “Charge —— department,” to enable the railroad companies to make out their accounts separately against each department.

XII..The Secretary of the Treasury, in his letter of September 9, 1864, directs that transportation be furnished only on the order of himself, the Assistant Secretary, and the chief clerk of the department, and upon the requisition of S. G. Jamison, Esq., Chief of the Treasury Note Bureau, at Columbia, South Carolina.

XIII..The Secretary of the Navy, in his letters of September 7 and 16, directs that transportation be furnished upon the requisition of the following officers, viz :

Richmond, Va.

Colonel S. J. Beall, commanding marine corps.

Major A. S. Taylor, Q. M. marine corps.

Chief of Bureau of Orders and Detail.

“ “ Ordnance and Hydrography.

“ “ Provisions and Clothing.

“ “ Medicine and Surgery.

Officers in charge of the several navy-yards and workshops.

Petersburg, Va.

Officers in charge of rope-walk.

Halifax, Plymouth, and Kinston, N. C.

Officers in command of the stations, or senior naval officer present.

Charlotte, N. C.

Officers in charge of the several works.

Wilmington, N. C.

Officer in command of station.

W. H. Peters, Special Agent.

John L. Porter, Chief Constructor.

Officers in charge of the stations or works at Marion C. H., S. C.; Charleston, S. C.; Augusta, Savannah, and Columbus, Ga.; Montgomery, Selma, and Mobile, Ala., and the trans-Mississippi.

~~The~~ The marine corps is a part of the Confederate States navy.

XIV..Paragraph 996, Army Regulations, authorizes this department to furnish cabin passage to officers on steamboats, etc.

XV..All orders for transportation, if for supplies, must state that the same are *public* property. If for individuals, the order must show that the party is under proper orders, or on official business.

XVI..Persons and freight must *always* be placed upon separate coupons, to enable the railroad companies to keep separate accounts.

XVII..When stores, contributions, etc., are sent in charge of a messenger or soldier, the coupon should read, e. g. : "One box supplies for 6th S. C. regiment, in charge of John Roberts." To make it a perfect and complete voucher, the messenger or party in charge must give his receipt, on the back of the coupon, to the railroad company, for the package, when the same is delivered to him. The insertion of the messenger's name in the freight coupon does not include transportation for him, and the same can not be charged by the railroad company. A separate coupon for the party in charge must be furnished, when entitled to the same.

XVIII..Horses purchased or impressed for the use of the army, must not be transported by rail. They must march. So with beef cattle, unless the cars are going empty.

XIX..Reserves or militia are not entitled to transportation in consideration of having furnished a recruit, a temporary substitute, or upon a furlough of indulgence.

XX..It was not intended by paragraph V, General Orders, No. 59, Adjutant and Inspector-General's office, current series, to inhibit transportation to officers under orders from the proper and usual sources, when in charge of troops, prisoners, conscripts, or deserters.

XXI..Paragraph III, General Orders, No. 63, modifies General Or-

ders, No. 59, so far as to allow transportation in kind, and actual expenses, to officers and bonded agents who are *continuously* engaged in special service, by order of the chief of the bureau to which they belong, and whose duties require them to travel. The personal expenses in such cases will be allowed in lieu of commutation of fuel, quarters, and rations; and the account must be vouched and paid by the chief of the bureau from which the orders issue.

XXII..Paragraph V, General Orders, No. 71, also modifies General Orders, No. 59, so as to authorize transportation to officers, upon the orders of the generals commanding reserve forces in the respective states.

XXIII..When railroad communication is interrupted, and soldiers can not travel by the route indicated by coupons furnished at other points, it should be changed to the most practicable route to their destination. The old coupons should be retained, cancelled, and filed, and the register noted accordingly.

XXIV..The coupons furnished soldiers who subsequently die in hospital before using them, should be promptly returned to the officer issuing, by the surgeon in charge.

XXV..Officers of railroads are requested to notify this officer of any irregularities on the part of officers issuing transportation, and especially whether the name of the post is omitted upon coupons, etc.

XXVI..Monthly reports of stores received for transportation and distribution (on Form 4), will not be made in future, unless specially called for, as a system of inspection has been adopted in lieu thereof.

XXVII..Private supplies for officers stationed at posts can not be shipped at government expense. The privilege was only extended to officers and soldiers in the field.

XXVIII..Attention is again called to the improper practice of shipping officers signing their names by proxy, instead of by themselves. All officers in charge of transportation will obtain the autograph signature of every shipping officer at his post, etc., and decline to ship stores unless upon the proper signature of the officers respectively.

XXIX..Officers in charge of transportation will not furnish it hereafter to post officers of the various branches of the government, on

their own requisitions, nor unless they exhibit orders from the heads of bureaus, as specified in General Orders, Nos. 59, 63, and 71.

XXX..When trains of one railroad pass over another, carrying supplies for the government, the company owning the train, as well as the company owning the track or road-bed, is entitled to receive transportation coupons—each to receive the share of freight coming to it. These are familiarly known as “foreign trains.” But where railroads hire trains from other companies, to run regularly as a part of their own rolling stock, only one bill of lading or coupon will be issued.

XXXI..Nothing contained in the Circular of September 15, 1864, shall be so construed as to repeal the clauses in the Circulars of January 20 and April 1, 1864, which require losses by railroad companies to be charged at the *then market value*. That regulation still remains in full force, and will be strictly observed by all quartermasters.

XXXII..All Circular Orders which have been issued from this office are in force, unless specially or generally repealed by subsequent orders.

A. R. LAWTON,
Quartermaster-General.

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.
